WALLS AND FLOORS YOU CAN TRUST

Driven by innovation,
built for comfort,
delivered with style.

Wood processing has been our passion for over 125 years. It's what Kronospan knows and does best. We understand that every space needs a solid foundation to thrive on. This is the essence of KronoOriginal - a brand dedicated to delivering high-quality floor and wall solutions for everyday comfort.

An aerial photograph of a vibrant blue river with white rapids, winding through a vast, dense green forest. The river flows from the top center towards the bottom right of the frame. The surrounding forest is thick with evergreen trees, creating a rich green canopy.

WATER PROTECTION AT ITS BEST

Fast-paced life requires
high-performance flooring.
For us, water protection
comes first.

K507

Water is everywhere around us. But when it comes to your home, it shouldn't be a threat. That's why we have dedicated our efforts to developing and perfecting the protection systems of our flooring. Designed to handle life's little spills... and the big ones, too. Our water protection technologies are built for life. Because life happens, and your floor should be ready for it.

AUTHENTIC LOOK & FEEL OF NATURE

Our deeply rooted connection with nature inspires us to seek it everywhere around us. This never-ending quest is the driving force behind our creative process.

K665

The beauty of nature reveals itself in the distinct authenticity of its imperfections. Our passion is to capture and recreate these unique visual qualities in each of our designs, bringing warmth and comfort into every home.

Thanks to our advanced digital printing and synchronized embossing surface technologies, we are able to achieve an impressive level of realism and create floors that not only look good, but also make you feel good.

As part of our Perfect Plank designs, we've introduced a new generation of Herringbone floors with up to 120 unique planks with no design repetition for an added level of realism.

- Herringbone with up to 120 unique planks (10 m² | 108 ft²)
- Long planks with up to 16 unique panels (8 m² | 86 ft²)
- Wide planks with up to 32 unique planks (10 m² | 108 ft²)
- Standard planks with up to 40 unique digitally printed panels (10 m² | 108 ft²)

Look for these symbols to find the rest of our Authentic Embossed and Perfect Plank decors.

Authentic
Embossed

The synchronous pores follow the grain of the decor, meaning they flawlessly mimic the character of natural wood.

Perfect
Plank

An innovative technology of digitally printed planks with low pattern repeat.

Multi Room Concept

ONE DESIGN. MULTIPLE FLOORING FORMATS.

The Interior is not defined by four walls alone. It's shaped by the quiet details that surround you every day. That's why we design surfaces that don't just meet functional needs, but also support the rhythm of your life. Our floors and panels are the calm backdrop to your story, connecting rooms, moods, and moments.

With our Multi Room Concept, your favourite decor becomes the foundation of your entire home. One design, multiple flooring formats, because no two rooms live the same life.

Choose the timeless charm of Herringbone for living areas, evoking classic elegance with a modern twist. Extend the story into open, spacious interiors with long-format planks that enhance volume and flow. For bathrooms, kitchens, or utility areas, make seamless transitions with the same matching decor, ensuring performance and beauty without compromise.

Look for this symbol to find our
Multi Room Concept decors.

Vinyl Flooring

A solid step up

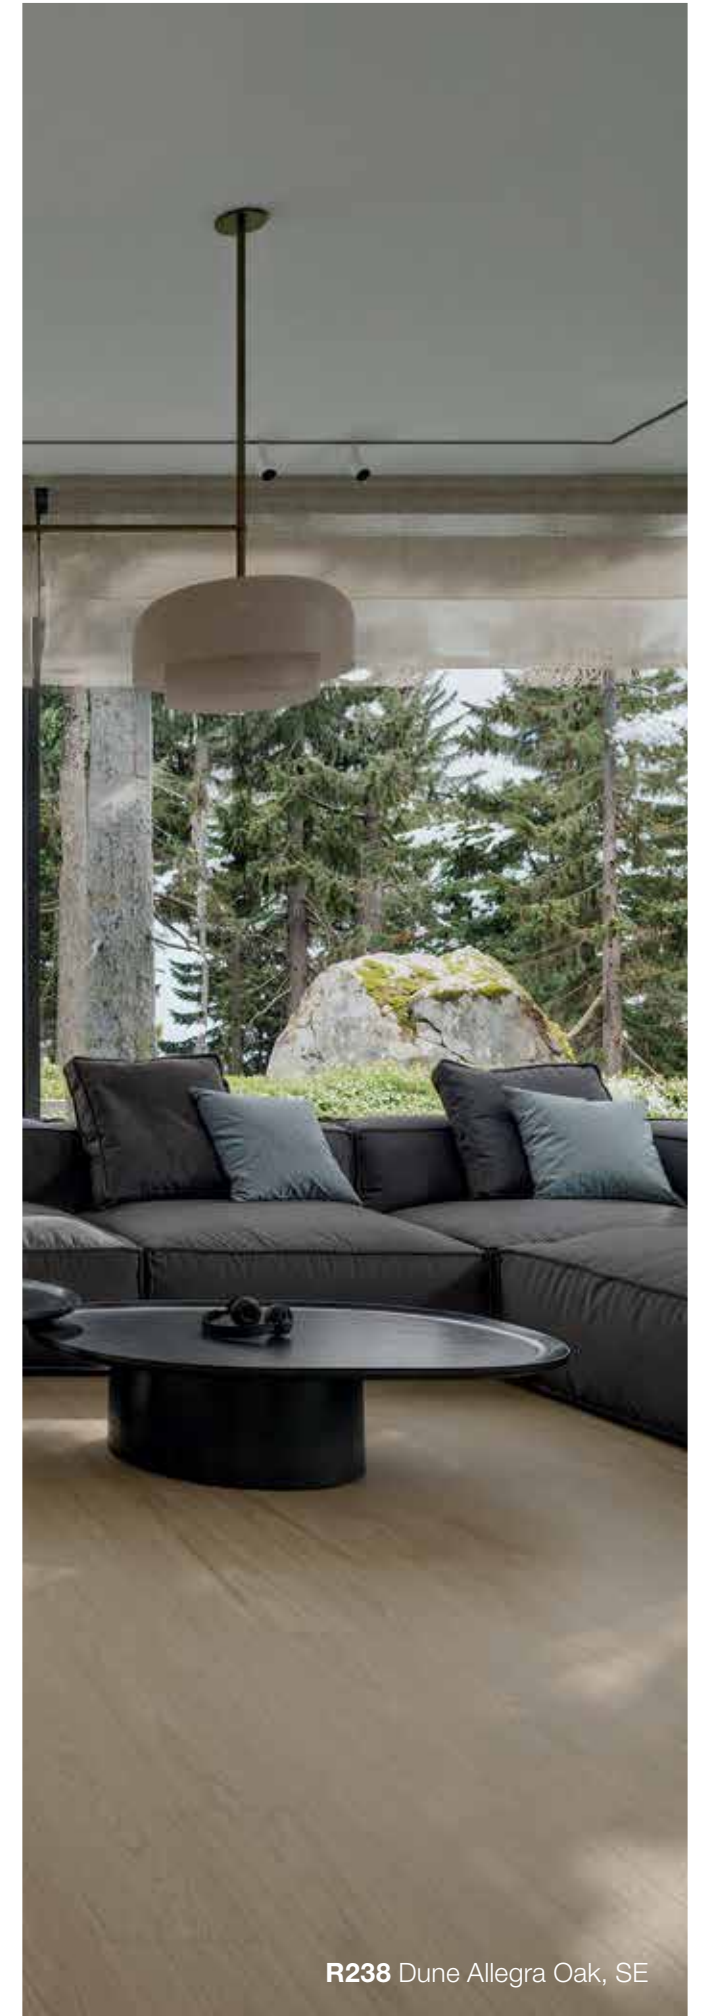

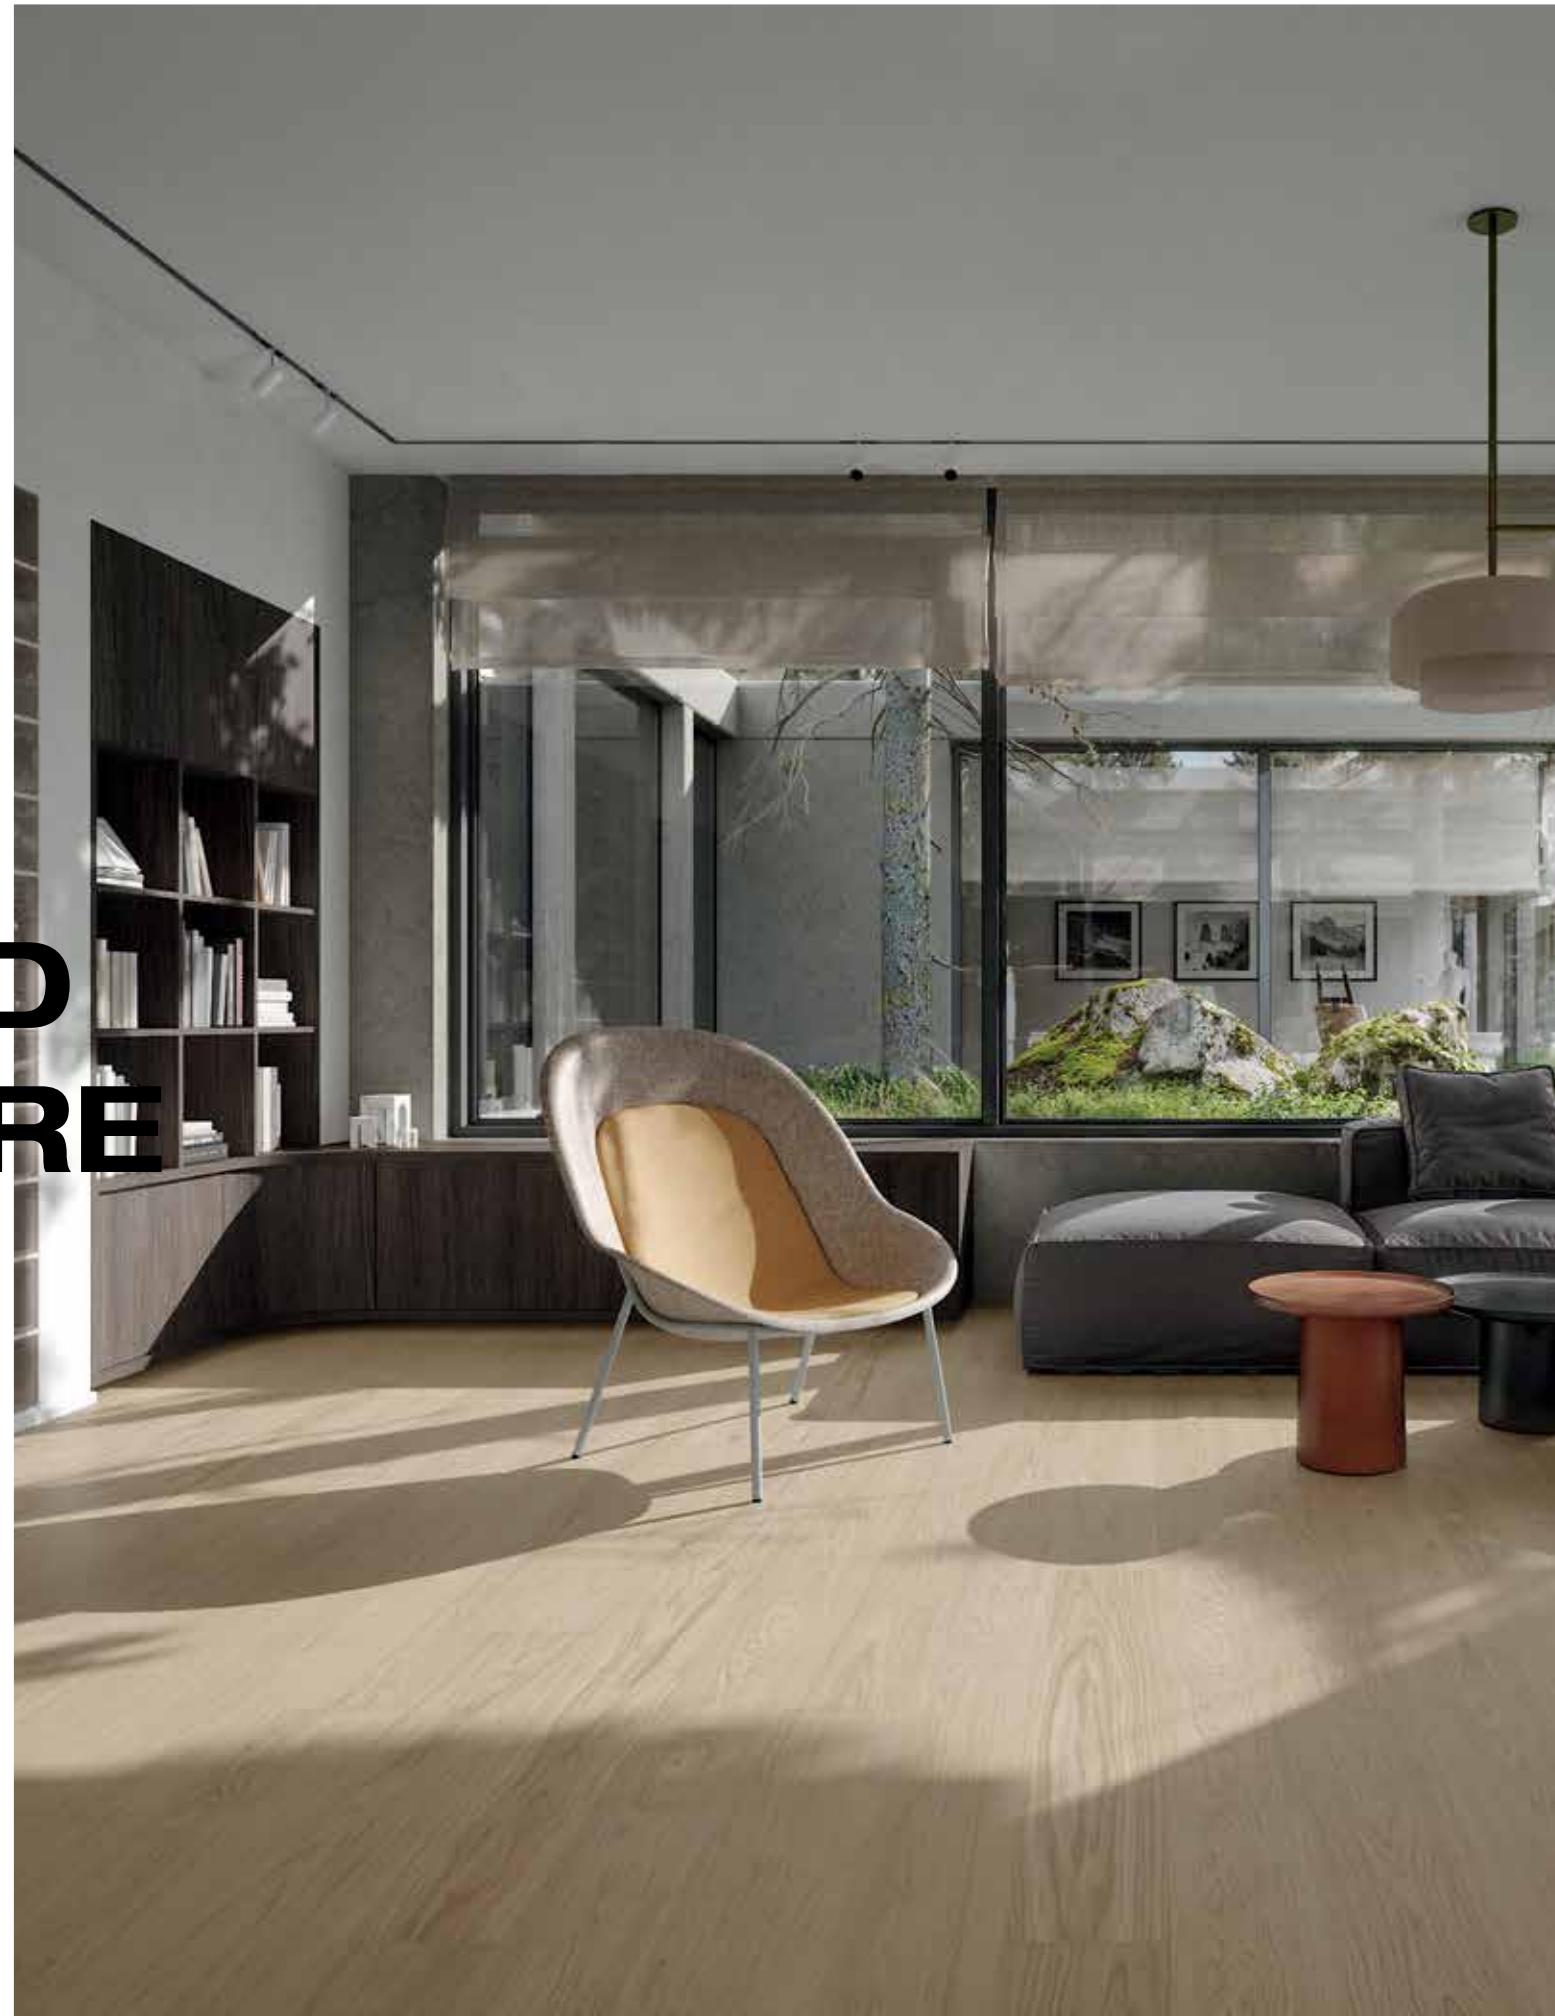

Rocko Technology is an advanced innovation that combines a high-density mineral core (over 70% natural stone powder) with special components to create an ultra-rigid, waterproof, and dimensionally stable material.

It is the perfect waterproof foundation for residential and commercial environments, heavy foot traffic spaces and quick renovations.

DESIGNED TO ENDURE

Remarkably realistic visuals bring the timeless elegance of natural materials into your home.

From contemporary homes to high-traffic commercial spaces, Rocko® flooring is engineered to perform. With superior moisture protection and dimensional stability, our floors are ideal for any room, including kitchens and bathrooms. Easy to install and effortless to maintain, they offer the perfect blend of functionality and elegance.

R238 Dune Allegra Oak, SE

SENSO TOUCH

Embossed-in-Register Vinyl

SYNCHRONIZED TO PERFECTION

Our pioneering Embossed-in-Register vinyl flooring is where beauty and performance move in perfect harmony.

Engineered for ultimate rigidity and durability, our SPC core delivers exceptional stability underfoot, ensuring your floors stand the test of time in even the busiest spaces.

Every detail is captured to perfection thanks to the Embossed-in-Register texture that seamlessly follows the grain of the wood.

The result? A look and feel that's stunningly realistic.

Waterproof Wood-Based Flooring

O.R.C.A. (Organic^{*1} Rigid Coreboard Abrasion-proof Flooring) brings together the natural beauty of wood with advanced waterproofing performance.

It is made exclusively from timber sourced in sustainably managed forests. Free from PVC^{*3} and made with organic chemical binders. Our floors store biogenic CO₂ during their lifetime.

Inspired by traditional wooden barrels and boats, O.R.C.A. flooring uses wood's natural self-sealing properties to resist moisture for up to 100 hours^{*2}. This quality makes it suitable for bathrooms, hallways, kitchens, and even high-traffic public spaces.

Each one of its wood fibers is individually encapsulated in a special moisture-repellent binder, reducing water absorption and ensuring long-lasting dimensional stability.

O.R.C.A.® comes in a variety of formats, thicknesses, and plank sizes, offering total design freedom while meeting the technical needs of each space.

Life Happens. O.R.C.A. Stays.
Don't let a spill ruin your day or your floor.
Equipped with the revolutionary O.R.C.A. Moisture Defense Technology, our flooring is engineered to handle life's little accidents with ease.

Whether it's a major mishap with 100 hours of full water load protection or the daily challenges of a busy home, tested for 1 hour of water exposure every single day for 100 days, O.R.C.A. stands resilient. Combining the beauty of organic materials with the endurance of a waterproof surface, it's the ultimate worry-free solution for your kitchen, bathroom, and beyond.

K501 Sand River Oak, TN

THE FLOOR THAT'S NOT AFRAID OF WATER

100h+ splash-water protection guaranteed^{*2}

Little accidents occur almost daily.
Our O.R.C.A. floors can withstand them.

^{*1} Consists of natural wood and an organic chemical binder
^{*2} 24h surface water protection as stipulated by NALFA (North American Laminate Floor Association) with additional 100h+ surface water protection according to works standard specification KRONOSPAN WN-101, www.kronospan.com/en_EN/100hours-test/, up to 100h no leakage based on ISO 4760:2022-05
^{*3} May contain traces of PVC, e.g. from packaging

FLEX SILENT CORK Wood n' vinyl

THE WARMTH OF WOOD. THE STRENGTH OF VINYL.

This next generation of flooring takes innovation a step further – our sustainable wood-based O.R.C.A. core delivers advanced water protection, while a resilient vinyl surface ensures complete waterproof strength.

Engineered for everyday living, it offers a cork underlay for whisper-quiet steps and extra thermal insulation, a scratch resistant surface for effortless maintenance, and a 7 mm plank thickness for seamless installation without undercutting the door jamb.

Moisture Resistant Flooring

MO.RE! CAN STAND UP TO WHAT LIFE BRINGS

mo.re! is based on a specially developed substrate formula. Its new binding agent makes the flooring more durable and decreases swelling - improving resistance to moisture penetration.

Accessories that match your floor perfectly

Selected range of products

Every floor needs proper accessories. We can supply you with the ideal equipment for all types of flooring. One contact, one supplier – which makes everything so much simpler for you.

Underlays

Depending on the situation in the room, attention must be paid to the correct underlay material when installing the flooring. For this we offer multiple solutions.

Skirting boards

Choose from a range of skirtings in various decors that match all KronoOriginal® floors. Our advanced fixing system makes it quick and simple to achieve a perfect installation.

Additional accessories

If you still look for the proper skirting board, corner pieces, aluminium adhesive tape for sealing or you are done and wish to mop the floor, take a look at the following pages and discover the wide range of accessories.

K852 Vintage Ribera Oak, RR

Features guide

Your benefits at a glance

Residential guarantee

All floors are put through a series of rigorous tests in order to comply with international quality standards, which is why we grant an extensive residential warranty with every product.

Real groove

Bevelled edges on all four sides of the plank ensure an authentic floorboard look.

Pressed bevel

Inspired by traditional craftsmanship, the true-edge-bevels provide a harmonious room appearance.

Micro bevel

Micro bevel creates precise plank separation for a smooth and subtle surface.

Soft bevel

Soft bevel ensures easy plank joining and clean natural-looking finish.

Anti bacterial comfort

A.B.C. Anti Bacterial Comfort inhibits the growth of bacteria on your flooring and provides you with the peace of mind that comes from a healthy home environment. Tested germs: Staphylococcus aureus.

Authentic embossed

The synchronous pores follow the grain of the decor, meaning they flawlessly mimic the character of natural wood.

Microscratch protect

The robust surface protects your flooring against microscratches that can be caused by strong mechanical stresses or the claws of house pets.

Pet-proof

Thanks to the robust surface, which is also undaunted by small mishaps, the flooring is exceptionally well-suited for life with house pets.

Light-resistant

Even on days when the sun is shining for hours, your flooring maintains its color and does not fade. Not suitable for spaces with direct sunlight.

Silent

Due to the integrated pad, the flooring reduces impact sound, echoes and vibrations.

Robust

This flooring is amazingly robust due to its super durable surface. Moving furniture or falling objects are not a problem because of its high pressure and impact resistance.

Warm underfoot

Due to its flexible design layer, the flooring has comfortable haptics and is warm underfoot.

Anti-slip class

Safety is something we put great emphasis on. Classification in anti-slip classes has been achieved through specially developed surface structures, which address the requirements for floor coverings in the workplace and commercial areas where a high risk of slipping is present. Classification: R9 and R10 according to DIN 51130 and DIN EN 16165, A and B according to DIN 51097 and DIN EN 16165

Anti-slip class

Soft touch

The flooring has a soft surface and feels very comfortable.

Real wood

This floor is made from real wood. The high-quality brushed oak surface gives every room natural elegance.

Anti-static

The flooring provides complete protection against unpleasant shocks. The Anti-static is built-in and guaranteed for the life of the floor.

Multi Room Concept

Design available in different plank formats for every space – long plank, herringbone, standard / wide plank

Perfect Plank

Seamless design over large areas - unique planks

SENSOTOUCH

Digital technology for both printing and texturing, creating a perfectly harmonized decor.
